RE: Sean Regan Ltd Recommendation.

To Whom it may Concern,

We worked with Sean Regan Ltd on a medium complexity extension and renovation in Donabate during the early part of this year.

Working with Sean Regan Ltd is a genuinely collaborative process. Sean takes the time to understand what it is we are trying to achieve, reinforces it and never shies away from a challenge. He invests fully in the quality of the product and can be trusted to provide sound advice that is not biased by cost, labour or time savings.

I hope we have the opportunity to work with Sean Regan Ltd again in the near future. It is with absolute confidence that I recommend him for any projects he feels fit to tackle.

Yours Sincerely,

David Graham
